

**Seahorse
(Infant 2)
Program Plan**

Sandcastle Child Care is licensed to provide care from 6:30am to 6:00 pm, Monday through Friday, 12 months per year. The Seahorse classroom is licensed for 14 infants ranging from the ages of 6 months to 12 months of age. The average child/staff ratio is one staff person for every three infants. Sandcastle offers a quality experience to infants through primary care giving and a safe and nurturing environment in which the infants are able to explore and learn at their own pace. Infants will be supervised by a staff member at all times. Parents are provided with a daily sheet which informs them of their child's activities throughout the day. Parents are encouraged to participate in any part of their child's day and activity during the child's stay in the program. A variety of families and cultural backgrounds are represented in the classroom. We welcome parents to participate in the classroom representing their families and cultural backgrounds. The Seahorse will post weekly lesson plans using the Creative Curriculum Approach and two written assessments per year will be provided to the parents using the Creative Curriculum Assessment tool.

Our goals and objectives for the Seahorse room are as follows:
